Must Elect Justice and Constable For Palm Springs Judicial Township Created This Week

Palm Springs will have to vote for two local township officials at the primary election on August 30, and the general election November 8, since the new judicial township of Palm Springs was created by the county board of supervisors. A justice-of-the-peace and a constable must be elected. After these officials have been chosen, it will no longer be necessary for local residents to journey to Banning to transact justice court business.

Candidates may now file for the offices, and the time for filing ends at noon, June 25. Candidates must obtain the names of from 20 to 30 sponsors on their filing petitions.

At the meeting of the county board of supervisors in Riverside Monday, the supervisors unanimously granted the request of Councilman Frank V. Shannon, and created Palm Springs township in an emergency ordinance, effective immediately. Thus the voters may select their township officials at the primary and general elections. The ordinance specifies:

The creation of Palm Springs township from a portion of San Geronimo township.

The merger of Bergman and Diamond townships with Hemet township.

The enlargement of Perris township by adding Moreno township and Lakeview precinct from San Jacinto township.

Immediately upon supervisory action, the law became effective to permit would-be candidates for the altered townships to file declarations of candidacy before the June 25 deadline.

After hearing protests from representatives from Bergman township, near Hemet, including A. J. Hill, who declared that the elimination of townships "is the entering wedge of a dictatorship," the board passed the ordinance without dissent.

When a group appeared from San Jacinto, Supervisor Talbot declared that he was not going to abolish their township at this time, "although I would certainly like to in the interests of efficiency." Lakeview precinct was taken from that area because of geographical advantages between that region and Perris, Talbot said.

Moreno, Bergman and Diamond precincts were all of the smallest class and activity was so limited for the justices of the peace and constables of the districts was so slight that the mergers were recommended "in the interests of economy and efficiency."

Palm Springs precinct is advantageous to the entire county because the

Indians Resent Suggestion Of Purl Willis Appointment As Local Indian Agent

An open letter, signed by a dozen members of the local tribe of Indians, was delivered yesterday to the editor of the Riverside Press-Enterprise. The letter is self-explanatory:

Palm Springs, Calif.,
June 8, 1938.

Open Letter to the Editor of the
Riverside Press-Enterprise.

With reference to an article appearing in the Riverside Press, June 6, 1938, which states that a majority of the Palm Springs Indians are asking that Purl Willis be appointed to succeed H. H. Quackenbush as Special Officer in Charge of the Palm Springs Reservation.

The undersigned adult enrolled members of the Palm Springs Reservation feel that you should know the following facts, and also that they should be published in your paper in order to correct the erroneous impression created by the above mentioned article.

Mr. Purl Willis, Adam Castillo, president of the Mission Indian Federation of California, and four of the signators of the petition to Commissioner Collier of the Indian Department, referred to in your article of June 6, 1938, are under indictment returned by the Federal Grand Jury at Los Angeles February 2, 1938, for conspiracy to embezzle and defraud the government and enrolled members of the Palm Springs Indian Reservation, including

County Health Department to Serve City

Granting the request of Councilman Frank V. Shannon, representing the city council at the meeting of the board of supervisors on Monday, the board voted to extend the services of the county health department to Palm Springs until such time as this city can set up its own health department.

Improvements of Library Now Underway

Improvements are now underway on the Murray Memorial property, at the corner of Palm Canyon Drive and Tahquitz Drive, which was deeded to the city for library purposes, by Attorney George Wellwood Murray of New York City, in memory of his father, who was the founder of Palm Springs. It is understood Mr. Murray has donated \$900 to put walls on the shelter now on the property, so that it can be used for a library temporarily until the city can erect a permanent structure.

The city council this week instructed City Attorney Roy Colegate to write Mr. Murray, requesting that certain restrictions in the deed be changed to conform to whatever amount the city could obligate itself to pay for maintenance of the library. It is reported the deed requires the city spend at least \$2,000 annually for maintenance.

State Engineers To Investigate Local Projects

In answer to the city's application for \$102,258 from the state's \$5,000,000 flood control fund, made to Governor Frank Merriam by the city council, a letter was received this week from Edward Hyatt, state water engineer, stating that he will send engineers here to investigate the three projects submitted by the city council.

The council asked for a sunken concrete pavement, to serve as street and storm drain for Tachevah wash paralleling the school grounds on the north, following the northern boundary of the Indian reservation (section 14) for a half mile, and then south to Ramon Road.

Sunken pavements such as Baristo Road, the concrete road from the McManus residence past the Del Tahquitz to the lower wash, have proven very effective in rapidly carrying away flood waters. Such a street would take flood waters, such as menaced the school, the Colonial House, and

MAYOR BOYD DISCUSSES ZONING

That the new zoning ordinance is misunderstood by some people, was the statement by Mayor Philip Boyd yesterday noon, in an informal talk before the Lions Club at the Palm Springs Hotel. Twenty Lions attended the meeting.

Mayor Boyd said the ordinance will be adopted only as an emergency measure to prevent undesirable construction until a planning commission can be appointed and they have had time to prepare a master plan. "We will ask the planning commission to disregard the work we have done," said the mayor.

"We want the people to realize that we don't pretend to be perfect in our considerations of zoning. The members of the council are available at any time to discuss with the property owners their problems."

When asked if the zoning ordinance will invalidate deed restrictions, Mr. Boyd said, "Where the zoning ordinance is more liberal than the deed restrictions, the deed restrictions will apply. Where the deed restrictions are more liberal, the zoning ordinance will apply."

He said petitions from a number of people would have included in the commercial zone approximately 3400 feet of Palm Canyon frontage at the north entrance of town. That area is the most vulnerable point in the city, he said, because it is the first part of town the people see when they

Army Officer Killed In Plane Crash

An army lieutenant was killed instantly last night, but a passenger escaped with only minor injuries when a pursuit plane on night maneuvers crashed in a heavy fog three miles west of Banning.

The victim is Second Lieutenant Joseph C. Marcy, pilot in the army reserve corps. He was thrown through the fuselage as the speedy ship struck a small hill on the Dysart ranch. His body, still strapped to the seat, was 150 feet from the plane. He was almost decapitated.

His passenger, Private Williamson White, also was thrown from the wreckage, but was not badly injured.

March Field officers said they understood White had jumped from the plane, landing with the aid of a parachute, but residents of Banning who investigated said he was also thrown out.

The ship exploded and was quickly destroyed by fire.

Marcy's plane was one of 14 which left March Field at 8 p. m. for night flying practice on the desert. The crash occurred at 9:45, as the ships, members of the thirty-fourth attack squadron, headed back through San Geronimo Pass to the base.

Residents of Banning said several of the ships, flying extremely low, passed over the city. Fog was almost impenetrable. Officials at the air base, when first word of the crash was flashed to them, radioed all ships still on the desert to land at Palm Springs.

After a telephone conversation with White, Major Victor H. Strahm, operations officer at March Field, ordered an ambulance to the scene.

Are Your Taxes Delinquent?

The county delinquent tax list was published in today's issue of The Desert Sun. Extra copies may be had at the news stands.

Postmaster R. M. Gorham has moved to Banning for the summer. He drives down every day from the pass city to carry on his duties at the Palm Springs postoffice.

Building Ordinance Now In Force; Must Secure Permit For New Construction or Alterations

The city council this week adopted the building code ordinance, as an emergency measure, and consequently it is now in effect. The ordinance regulates the erection, construction, enlargement, alteration, repair, moving, removal, demolition, conversion, occupancy, equipment, use, height, area, and maintenance of buildings and structures in the city of Palm Springs; providing for the issuance of permits and collection of fees therefor; declaring and establishing fire districts and providing penalties for the violation thereof.

Business License Law Now in Force; Payments Due July 1

Ordinance No. 11, providing for the licensing of wholesale and retail businesses, trades and occupations, was adopted by the city council Wednesday night and is now in full force and effect, therefore, every person engaged in business in Palm Springs must pay a license fee beginning July 1st.

Payments are due on the first day of July, October, January and April, and shall be paid for each quarter or fraction thereof.

The complete schedule of license fees is on file at the fire station and at the office of the Palm Springs Business Men's Association in the Plaza.

Rates are practically the same as in other cities of this size and are not excessive. It is estimated the revenue from business license fees will amount to about \$5,000 annually.

Violation of the ordinance constitutes a misdemeanor, punishable by a fine of \$300, or three months imprisonment in the county jail, or both.

Ask City to Vacate Two Local Streets

A Mr. Bartholomew presented a petition, signed by a number of property owners in Palm Canyon Mesa tract, asking the city to vacate parts of Camino Carmelito and Camino Del Monte, two streets in Palm Canyon Mesa.

The council found there are several property owners on these streets now away from the city, who are not signatories on the petition, and therefore deferred action until next fall when it is expected the absentee owners will be here.

Medical Doctor Needed Here During Summer Months

(An Editorial)

It has been discovered by prominent citizens interested in the welfare of Palm Springs that a serious condition prevails in this city at this time—we are now without the services of a medical doctor. The nearest physician is a good 30 to 40 minutes away and a delay of this duration in an emergency could be fatal.

Although during the winter season Palm Springs has many fine physicians as well as a modern hospital, which more than amply take care of the needs of the village, now all the physicians and surgeons have left for the summer and our hospital has closed its doors. Many citizens are frankly worrying about the situation and are deploring the fact that a city with as many residents as Palm Springs has at this time is without medical protection.

It is estimated by those in a position to know that the population of Palm Springs right now is between 1500 and 2000 persons. Among such a large group of people an emergency requiring the immediate services of a competent physician or surgeon is liable to arise at any time. In case of a bad accident, heat prostration, sunstroke, rattlesnake bite, or violent illness, a patient possibly could not survive a trip to Banning or Indio, especially if transported by inexperienced people in an automobile not suited for the purpose.

Harry Batchelor, vice-president and manager of Smoke Tree Ranch, appeared before the city council on Wednesday evening and asked if something could be done to have a physician available here at all times throughout the summer. He stated that Smoke Tree Ranch would be willing to join with other employers in the village to underwrite a fund to pay the expenses of a doctor during the summer.

The seriousness of the situation was brought close to home yesterday morning when a group of citizens were visiting in the office of Archie O. Palmer. Palmer went out back for a few minutes to open the rear door of a neighboring shop for a client. As he was attempting to unlock the door, jiggling it to facilitate matters, the pane of glass in the door fell out, severely cutting his leg.

Blood flowed profusely from the deep gash in Mr. Palmer's leg, and for a moment it was feared an artery had been cut. Luckily, this was not the case—but it very easily might have been. Harry Brott came over from the Palm Springs Drug and administered first aid and in the afternoon Palmer drove to Banning to have a doctor take care of the wound.

Something should be done as soon as possible to remedy this situation. The summer residents of our city should have proper medical protection. A trip to Banning or Indio, or a delay of 30 to 40 minutes to bring a doctor here from one of those towns could be fatal to one of our citizens.

Fire Zone Ordinance Is Adopted

Ordinance No. 9, establishing three fire zones in Palm Springs, was adopted Wednesday evening by the city council as an emergency measure, and is now in full force and effect.

Fire Zone No 1 is the business district in which all new construction must be fire-proof in the future.

Regulations in Fire Zones 2 and 3, which comprise the rest of the city, are not so stringent, but prohibit fire hazards.

The ordinance is aimed to reduce fire insurance rates and to protect owners of buildings as well as adjoining property.

Details of the ordinance are to be found in Section 1601 of the Palm Springs Building Code, which will be on file in the city hall for inspection by the public.

FINAL ZONING HEARING NEXT WEDNESDAY

The final public hearing on the new zoning ordinance will be held Wednesday afternoon, 2 o'clock, June 15, in the air-cooled room of the Plaza. The complete draft of the new ordinance and the revised zoning map of the city will be submitted to the public then before passage by the city council.

Report on the two preliminary hearings was filed by the city council Wednesday evening and the council adopted a resolution calling for the final hearing next Wednesday, as predicted in the last issue of The Desert Sun.

Business License No. 1 Issued to Thos. O'Donnell Recognizing Service

Business License No. 1 was issued this week by the city of Palm Springs to Thomas A. O'Donnell, prominent winter resident, in recognition of his great service to the community.

The city council voted to issue the license for Mr. O'Donnell's Desert Golf Club without charge.

Mr. O'Donnell has been a resident of Palm Springs for many years and has worked hard and long for its betterment. He loves Palm Springs and has always stood for the best interests of the village.

House Committee on Indian Affairs Tables Local Bill

On Wednesday the House Indian Affairs Committee tabled the bill which would have authorized the Agua Caliente Indians to sell a part of their property in Palm Springs.

City daily papers were of the opinion that "the effect of the action was to kill the measure," but local authorities on Indian affairs here believe otherwise and are of the opinion that the measure will be introduced again at the next session of congress.

Airmail deposited in the Palm Springs postoffice by 11:30 a. m. leaves Los Angeles by plane the same evening, and arrives in any part of the United States the next day:

Bids Opened For Coachella Branch Canal

The W. E. Callahan Construction Company was low bidder for the job of excavating the first 45 miles of the Coachella branch of the all-American canal, it was revealed when bids were opened at Yuma reclamation bureau headquarters.

The Callahan company offered to do the work for 4.24 cents per yard, the lowest figure ever given for canal excavation, according to J. H. Fertig, division engineer in Calexico. The Callahan bid was for \$328,822, Fertig reported.

Second low bidder was the Lewis Chambers Construction company whose figure was \$439,761, \$61,000 above the low bid. Eighteen offers were submitted.

The Coachella branch of the canal connects with the all-American canal just east of the sandhills, 32 miles east of Calexico. The job on which the bids were opened is for excavation from that point to the Southern Pacific railroad, tracks east of Niland, a distance of 45 miles. This is a third of the canal's length, which when finished will be 130 miles long.

May 23 bids were opened for furnishing labor and materials and performing all work for construction of Drop No. 1 and the Coachella turnout.

Fertig announced that bids will be opened June 27 for the last contract on the all-American canal. This contract will be for the Alamo river crossing and the Central Main canal turnout in Imperial Valley.

PATROLMEN LACKING 71,400 SIGNATURES

The California Highway Patrolmen's association initiative measure to divorce the patrol from the motor vehicle department lacks 71,400 signatures qualifying for the November election ballot, an official said at Sacramento last night.

George Moynahan, assistant chief of the patrol, said however he expected "no difficulty" in obtaining the required 186,400 signatures. The proposal for a three-man patrol commission was put forward in answer to a rival measure by the automobile clubs creating a five-man control body, he said.

FOURTH OF JULY FIRECRACKERS WILL COST MORE

Fourth of July noise will cost more this year than in previous years. Blame that on Japan.

Because China is at war with Japan, firecrackers will be more expensive. The Chinese government, in dire need of all available gunpowder for war purposes, has banned the manufacture of fireworks.

Also the shooting of firecrackers is prohibited in China, not because of the waste of explosives but because of the jittery nerves of the Chinese people, who hearing the explosions, might think there was a Japanese attack.

COUNTY HOSPITAL TO RECEIVE VISITORS FOR INSPECTION

The new county hospital building at Arlington will be formally dedicated on Saturday, June 25, according to G. Stanley Wilson, architect, who visited Banning on Tuesday.

The occasion will attract delegations of officials and professional men.

WELL BABY CONFERENCE THURSDAY, JUNE 16

A well baby conference will be held at the Banning grammar school on Thursday, June 16, from 9 a. m. to 12 noon, and 1 to 3 p. m. A cordial invitation is extended to all mothers to bring their babies to this clinic.

An animal, described as resembling a kangaroo has been sighted by a U. S. farmer. It may be the 1938 pedestrian.—Anon.

Where German papers and magazines once ran a column entitled "Best Sellers of the Week" they are now using the "Best Books Burned last Week."—U. S. C. Trojan.

RAY HOAGLAND ANNOUNCES HIS CANDIDACY FOR SHERIFF

Announcement of his candidacy for sheriff of Riverside county is made by Ray Hoagland as follows:

I take this opportunity of announcing to friends and citizens my candidacy for sheriff of Riverside county. It is my first attempt for any political job and it is not my intent or purpose to make a lot of immature promises as to my actions and conduct if successful in the enterprise, but to convey to you in as few words as possible my qualifications and sincerity of purpose in seeking this highly important position.

I was born and raised in our neighboring city of San Bernardino and soon after my marriage moved to Riverside where I have lived and engaged in the feed business continuously for 21 years. I have two sons, one married, and a daughter, all reared in the city. I am entering this campaign with absolutely no entangling

RAY HOAGLAND

alliances and with obligations to no individual or group. If successful in this venture this seems very essential as it will afford me the opportunity of administering the functions of this office, both civil and criminal, with absolute impartiality with favoritism toward none and with prejudice against none. Having been a fairly heavy taxpayer for years, you may rest assured I will fight every needless expenditure in the office feeling it should be run like any other modern business.

I will myself and pledge you that every subordinate man or woman in the department shall treat every law abiding citizen of this county with the utmost of courtesy and kindness in any business that they might have with the office. I believe firmly in modern police methods and the advancements they are making and that any law enforcement agency must keep pace with them to successfully cope with the present day criminal. In closing this short announcement, I make you one more pledge if chosen by you for your sheriff, to do my very best to make every law abiding citizen and every law breaker respect the authority vested in me.

SAN GORGONIO TOWNSHIP HAS MADE HISTORY IN 45 YEARS

Palm Springs judicial township has just been carved from San Gorgonio township as a matter of efficiency and economy.

San Gorgonio township is as old as Riverside county, which is 45 years old. Riverside county was formed out of San Bernardino and San Diego counties when the late C. O. Barker of Banning was assemblyman.

The first justice of the peace (or one of the first) was the late William P. Morris of Banning. He received the princely salary of five dollars a month. Then the late Charles H. Ingelow was justice of the peace at \$50 a month. He was followed in turn by George L. Wing and the late Lee D. Childers. The salary of Mr. Childers was raised to \$75 per month, which is the salary received by Judge J. J. Fredericks, present judge.

Judge Morris and Judge Ingelow had no drunk-driving cases to handle for there were few automobiles. Their work consisted mostly in handling Wild West incidents and civil cases.

TOUCHING GESTURE

The Nazi party in upper Austria has presented to Herr Hitler a prehistoric stone club as a symbol of the absorption of Austria by the Reich.—London Times.

The spirit of gaiety has gripped all Fontana, which this week-end celebrates its silver anniversary by featuring a rodeo both Saturday and Sunday, and various other types of amusements. The community will be hosts to thousands report these boosters, who are (left to right) Hayden Stead, Maxine Heffner, Earl B. Reeves and Marcella Weir.

A STATEMENT FROM SAFEWAY STORES REGARDING "LOSS LEADER" SELLING

For several years Safeway Stores, Inc., has participated in a program of cooperation with agriculture to increase farm income through greater efficiency in distributing farm products, and correcting practices which are considered harmful to agriculture.

One of the practices considered harmful is the use of farm products as "loss leaders," and this practice has been contrary to Safeway's policy.

The latest development in perfecting actual operations under this policy is contained in the following bulletin issued to division managers of Safeway by L. A. Warren, president of the company:

"Two years ago we adopted a policy of not using farm products as loss leaders. In the future will you see that no farm products are sold at less than 20% over your landed warehouse cost, except to meet competition.

"When it becomes necessary to meet a lower price than that quoted by you, please get documentary evidence to support the meeting of competitive price. If the lower price appears in a newspaper advertisement, please get copies of it and mail it to me. If the price is made by the use of window posters or price cards, please have photographs taken by a local photographer and mail copies of these to me.

"This is of vital importance in carrying out the policies which we adopted in good faith and, as a matter of fact, I see no reason why we should ever sell this type of merchandise on any other basis as a matter of good business."

VILLAGE PHARMACY CLOSING FOR SUMMER; QUAGLINO GO TO SANTA MONICA

The Village Pharmacy closed last Sunday night for the summer; and Phil Quaglin, genial manager of the store, accompanied by his wife and son Jackie, got away the latter part of the week for a summer at Santa Monica.

Mr. Quaglin stated that he and the family will return to Palm Springs early this fall to open the Village Pharmacy on September 1.

Ready for all kinds of thrills, Fontana this week-end will stage its silver anniversary program and rodeo with real abandon.

Young people and adults, besides joining in the festivities, will be hosts to the thousands of visitors who are to share in the spirit of hospitality which marked the old West, and for which Fontana is noted.

For both Saturday and Sunday, there will be a continual round of entertainment, both in the business district and at the vast arena. Here, attempt to hold their laurels against clever competition.

An historical parade, with nearly 1,000 entrants, will launch Saturday's gay program. Some 400 men and women riders are to take part, the colorful parade being over in time for the huge public barbecue at noon. The afternoon will be given over to the lavish entertainment which has been weeks in the making. Gaiety, thoroughbreds and jumpers will be on display at the horse-show, and 12 competitive events are scheduled at the rodeo. Fireworks, a street dance and a multitude of other attractions will keep guests busy until midnight.

Fascinating horse-show and rodeo events are on the program for Sunday afternoon, when the community will climax its celebration on the twenty-fifth anniversary of its "birth."

In the forefront are to be A. B. Miller, founder of Fontana, who is president of the State Board of Agriculture and of the State Fair, along with Emma Lou Williams, Queen of Fontana. In the queen contest, the community polled nearly 3,000 votes, which is indicative of the wide interest in this week-end's festivities.

Miss Betty Shields, assistant to Dr. Russell M. Gray during the past season, has gone to Berkeley to enroll in the summer school at the University of California.

Mr. and Mrs. F. W. Watson closed their Indianay recently for the summer and left this week for a vacation on the coast at Long Beach.

Pavny's Trailer Mart has been moved from Palm Springs to a location near the Cole Cottages on Highway 99, west of the Banning business district.

Announcement

To the Voters of Riverside County

At the request of numerous friends, both in the legal profession and without, in Riverside County, and after mature consideration of the question of making a bid for public office, I take this opportunity to announce my candidacy for the office of District Attorney of Riverside County at the primary election to be held on August 30, 1938.

Believing that in presenting one's self to the voters for consideration, they should be given a little of the background of the person seeking public office; in a spirit of humility and with no pretensions, I feel it necessary to set forth a few facts regarding myself.

I was born in Erie county, Pennsylvania, March 4, 1902, coming to California with my parents, while a small child, and settling at Perris, Riverside County, in 1910.

I obtained my early education at the schools of Perris Valley, graduating from the Perris Valley Union High School in 1918.

Thereafter, I attended the Los Angeles Commercial College at Los Angeles, graduating from that school in 1919.

In the fall of 1919 I moved with my parents to the Coachella Valley and have lived there continuously since that date up to the present time. I started my legal education in the fall of 1919, attending the law school of the University of Southern California.

Finishing law school in 1924 I obtained an appointment as Postmaster in the Coachella Valley and held that office for over six years.

In 1931 I became associated with the late Thomas C. Yager in the practice of law at Indio, California, and upon his death took over the office and have carried on my law practice at Indio up to the present time.

I became City Attorney of the City of Indio in 1932 and am now holding that office under my original appointment.

In 1925 I married Miss Reon Herbert, a daughter of Phil and Sally Herbert, natives of Illinois, and we are the parents of one child, a daughter, Phyllis, born in 1932.

I am now 36 years of age, have been a resident of Riverside County for the past 28 years and having had an active experience in the practice of law in the county for the past seven years, I am acquainted with the needs of this office and qualified to bring to the office a forceful, efficient, equitable and economical administration.

I propose, if elected, not to be obligated to nor prejudiced against any individual, group or faction, who may have business with my office, the courts or with the law enforcement agencies of Riverside County.

I request your vote for the office of District Attorney on the following platform:

Unqualified support of the Constitution and constitutional government;

Vigorous enforcement of the Statutes of this state;

No favoritism toward and no prejudice against any person, organization or class; making the services of the office of District Attorney available to the whole of Riverside County, actively bringing this service to every township in the County;

Courteous attention given to all matters whether large or small, and courtesy to all persons;

An honest, efficient, equitable and economical administration of the office.

Respectfully yours,
WALLACE P. ROUSE.

Sheriff Rayburn Is Candidate for Re-election

Sheriff Carl Rayburn, who has announced his candidacy for reelection, states as follows:

In announcing my candidacy to the office of sheriff of Riverside county, which position I now hold, I do so knowing full well the great responsibility attached to the position. Having been a peace officer in Riverside county practically all of my mature life I believe that I can say without fear of contradiction that I know the many problems pertaining to this type of work.

Born in the city of Riverside when that city was in San Bernardino county, my police career began in 1916 as

CARL F. RAYBURN

an officer on the Riverside police department. Except for the two years of the World War during which I served with the army in France, my service with this department was continuous up to the year 1925 when I resigned as deputy chief of the Riverside police department to accept the position of undersheriff of Riverside county. I served Riverside county in this capacity until 1930, and upon the retirement of my principal, I was urged by my friends to seek the office of sheriff. Elected at the primary with a substantial majority, I have served as your sheriff continuously.

During my incumbency great strides have been taken in the business of law enforcement, and it has been my privilege to keep this department abreast of the times with all the modern methods and equipment. While your sheriff's department is one of the smallest in the state in the amount of personnel, it ranks third in the amount of business transacted, being exceeded only by the counties of Los Angeles and San Francisco. Many reforms in law enforcement procedure instituted during my incumbency have brought the efficiency of the Riverside county sheriff's office up to the highest standards in the state. This fact has been recognized not only in California, but in law enforcement circles in other parts of the country.

Our program for making good citizens out of the juvenile offender has met with marked success. During the past two years I have devoted much time and study to the amplifying of plans for a broader program in this field. It has been my earnest endeavor to give to the citizens of Riverside county the best in law enforcement and from the record of accomplishment I believe that I have done that. I therefore want to be retained in office and will seek re-election on my record.

COUNTY T.B. CASE RATES FOR COUNTY TABULATED

Based on 1930 population, Riverside county, tuberculosis case rate for 1937 was 187.72 per 100,000 persons, report from the California Tuberculosis association reveals.

There were 174 cases for a population of 92,691 the tabulation for the 58 counties of the state reveals. The rate for the entire state is 124.75 cases per 100,000, on the basis of the statewide total of 8160 cases among 6,528,888 Californians.

The notable feature of the report, according to Catherine Foster, executive secretary of the Riverside County Health and Tuberculosis association, is that the rates are highest where the most active case work programs are being conducted.

"This substantiates the fact that more cases are discovered where workers are in the field, whereas many tuberculosis carriers remain unknown when there is no program of prevention," said Mrs. Foster.

San Bernardino county's case rate is 94.34 per 100,000, while Orange's is 105.31.

"DUDE RANCH" BOOK TELLS OF THREE LOCAL RANCHES

"Dude Ranches Out West," a beautifully printed and illustrated book of 64 pages recently issued by the Union Pacific Railroad and which has already been widely acclaimed as a virtual encyclopedia of dude ranches and dude ranch country, describes in detail three guest ranches in the immediate vicinity of Palm Springs. Local guest ranches described in the book are Smoke Tree Ranch, Deep Well Guest Ranch, and the B Bar H ranch near Garnet.

Much praise has been given the publication for its faithful reproduction and definitions of dude ranch brands—an interesting study in itself.

The book describes in detail seventy-five dude ranches in California, Montana, Idaho, Oregon, Colorado, Nevada and in Jackson Hole, Wind River, Continental Divide and Snowy Range—all in Wyoming.

The location of the ranch, how it is most conveniently reached, the elevation of the surrounding country, and dates of the seasons are detailed under the heading of each individual ranch. In addition, complete information is given as to accommodations, the various activities available, and rates offered.

The covers of the book are "branded." On both front and back covers various dude ranch brands are faithfully reprinted, grasping the readers' interest even before a page is turned. Many persons have informed Union Pacific officials that they have found it great fun—even some have worked out games—to attempt to identify the brands printed on the covers before consulting the contents of the book.

REPUBLICANS OF RIVERSIDE COUNTY MEET FOR DISCUSSION

Appearance of Mayor C. T. Johnson of San Bernardino, Republican candidate for congress, and the election of John G. Gabbert, deputy district attorney, as 1938-39 president of the organization featured a dinner meeting of the Riverside County Republican assembly at Riverside, Monday night. State Senator John Phillips and Assemblyman Nelson Dilworth were introduced at the meeting, presided over by Walter Dodge of Indio, outgoing president.

Other 1938-39 officers elected with Gabbert at the meeting: Vice-presidents, Chester Hendricks of Banning and Mrs. Florence Wright of Riverside; secretary - treasurer, Edith Taylor of Riverside; executive committee members: Col. R. W. Ashbrook of Arlington, Mayor C. K. Deeweese of Banning, Walter Lay of Beaumont, Grady Setzler of Blythe, Charles B. Jones of Coachella valley, Mrs. Mary Gard Jameson of Corona, Walter Lyell of Elsinore, Mrs. James A. Hall of Hemet, E. Oberschmidt of Highgrove, Mrs. Sadie Thompson of Murietta, Mrs. Hilda Parmenter of Norco, Fred Kretty of New, Fred Wilkin of North Corona, C. W. Seaton of Palm Springs, George Cummings of Perris, Jack A. Bennett of Riverside, Roy Copeland of Temecula, Hugo Gunther of Temecula and W. E. Hall of West Riverside.

COUNTY POSTMASTERS HOLD MEETING AT HIGHLAND SPRINGS

Postmasters of Riverside county held a dinner meeting at Highland Springs resort Sunday and elected as president of the association Postmaster Sidney Moon of Hemet.

Postmaster John White of Banning was elected vice-president and Mrs. Ellen Martin of Beaumont, host for the occasion, was renamed secretary-treasurer.

Postmaster James Stone and C. M. Brown of Redlands were special guests. Mrs. Ada Ruth of Mecca was initiated as a member, only recently having received her commission. Approximately 30 postmasters and their families attended the social, and the next was announced for August 28, at Keen Camp.

At the mid-summer meeting R. M. Gorham of Palm Springs will revive a custom of presenting a paper on some phase of postal service, and is expected to cover parcel post questions. Plans to attend the state postmasters convention in Santa Cruz beginning June 21 were discussed.

COUNTY ENTERED 46TH YEAR ON JUNE 5

June 5, 1938, marked the beginning of the forty-sixth year of Riverside county.

On this date of 1893, Riverside county's newly-elected officers began the administration of the affairs of the new government unit as formed from portions of San Bernardino and San Diego county.

Among some of the original officers were C. R. Stibbens, present county tax collector, who then was deputy treasurer, and Miguel Estudillo, attorney, who served as clerk of the board of supervisors.

Be Sure You're Registered For Coming Elections

All citizens desiring to vote at the primary and general elections this year must have been registered since January 1, 1936, from the precinct they now live in, and must have voted at either the last state primary or general elections.

All citizens not now on the register in order to vote at the primary and general elections this year must register.

Registration and transfers close for August primary election held August 30, 1938 on July 21, 1938.

CABALLEROS TREK WILL BE MADE OVER DE ANZA TRAIL

The route of De Anza, famous Spanish explorer of California, will be backtrailed through the mountains southeast of Hemet this week-end when the De Anza Caballeros of Riverside county will hold a three-day horseback ride from Valle Vista near Hemet to Tripp Flats in the San Jacinto mountains.

The riders will leave Valle Vista Friday and return Sunday after covering more than forty-five miles of the historic De Anza trail which the explorer established when he entered what is now California in 1776.

Superior Judge Freeman of Riverside is president of the riders.

Night in and night out, the best acting in radio studios is done by the hired applauders.—Washington Post.

CALIFORNIA BEACH ASSOCIATION MEASURES ON THE BALLOT

Two measures in which the California Beaches Association is interested will be up to the voters for consideration at the November election, according to Dr. Floyd Beckwith of Pomona, president of the Association, who visited Banning, Wednesday.

Two measures giving permission to oil companies to drill on state land in the ocean were passed by the legislature and signed by the governor. Since no emergency existed, owing to oil surplus, the laws did not become operative and now go to referendum.

It is the contention of Dr. Beckwith that oil drilling in the ocean, over the three-mile limit, will pollute the water so as to despoil the beaches.

HELD FOR SUPERIOR COURT ON CHARGE OF PALM SPRINGS THEFT

Sybil Hake, formerly maid in the Harold Hicks home, had her preliminary hearing in the San Geronimo township court in Banning today, and was bound over to the Superior Court.

She was arrested in Los Angeles on April 18 on the charge of the asserted theft of a valuable jewel from Mrs. Hicks. She left Palm Springs on February 17.

NOT NO-KNOCK

Mexico is going into the oil business in a big way, but the product isn't the no-knock sort.—Philadelphia Bulletin.

Cathedral City Works To Better Fire Rating

An engineer from the Los Angeles office of the National Board of Fire Underwriters visited Cathedral City Wednesday at the request of the Chamber of Commerce of that community to look over the fire protection facilities there and to make some recommendations as to what could be done to better the fire rating of Cathedral City.

A committee from the Chamber of Commerce showed the engineer about the village of Cathedral City, among other things showing him the pumps and storage tank of the Cathedral City Water Company.

The engineer outlined to the committee what their steps should be in their attempt to better the fire rating of their community.

State Repairing Road Between Cathedral And Palm Springs

The work of re-surfacing the washed-out portions of State Highway 111 between Palm Springs and Cathedral City is at last under way after a long delay.

Sections of the highway from Araby wash to the Cree ranch were destroyed by the big March flood. These were graded soon after the flood but were not oiled, and in the interim between then and now these sections of the highway have gotten into a deplorable condition.

The state seems to be using a heavier mix on these washed-out portions of the highway this year than it did following last year's big flood.

Wyeths to Build New Home This Summer

Katherine Pollak of Raymond Cree's office recently sold a lot in Chino Canyon Mesa Tract to Mr. and Mrs. Nathaniel Wyeth of Detroit, Michigan. William Martie will build their attractive new home this summer.

Commander Knight, retired, and Mrs. Knight, who leased a bungalow for the past season through Mrs. Pollak, have released the same bungalow and will return to Palm Springs in September.

Raymond Cree reports considerable activity in the Warm Sands Tract. Last week the Warm Sands architectural committee, Hiram H. Benedict, John R. E. Chaffey and Katherine Pollak, approved plans for three new homes, two of which are now under construction.

Asks City to Withdraw From Coachella Valley Water District

Austin G. McManus, local realtor and extensive property owner, asked the city council Wednesday evening to take action to have Palm Springs withdrawn from the Coachella Valley Water District. He stated the local taxpayers are paying toward the maintenance of the district without receiving any benefits, for the money is all administered for the benefit of the Coachella Valley.

OLIVERS CLOSE "DESERT VALET" AND LEAVE FOR BALBOA THIS WEEK

George Oliver, well known localite, and owner of the Desert Valet, and Mrs. Oliver closed their popular cleaning establishment late this week and left for Balboa, where they will spend the summer.

At Balboa Mr. Oliver will operate the Central Auto Park during the summer season. This auto park is located next to the Rendezvous.

Mr. and Mrs. Oliver plan to return to the village early in September to prepare for the opening of the Desert Valet on September 15.

George Oliver, Jr., is again spending the summer at Santa Catalina Island, where he has a fishing boat concession.

LONG BEACH PROMINENTS SPENDING A FEW DAYS AT PALM SPRINGS HOTEL

Mr. William F. Prisk, owner and manager of the Long Beach Press Telegram, and Mrs. Prisk together with Mr. and Mrs. George McDonald of Long Beach comprise a party of four that are spending a few days at the Palm Springs Hotel.

Mr. and Mrs. Prisk are building a lovely winter home here that will be completed in about 90 days.

Indians Resent--

(Continued On Last Page)

the undersigned, of tribal funds handled by the Tribal Committee of 1936 through Willie Marcus, spokesman of the Tribal Committee, who in turn was advised and directed by Purl Willis and Adam Castillo.

It was ascertained from the U. S. Attorney's office at Los Angeles yesterday that this case is still pending against the above mentioned defendants.

We certainly do not desire that Purl administrator of our affairs, nor do we feel that the Department of Indian Affairs would consider for a moment the appointment of a defendant in a criminal Federal case pending, to a civil service position, particularly with authority over a group of people, many of whom it is alleged in the indictment he has conspired to defraud; and that therefore the information apparently furnished to your paper by Mrs. Leta Myers Smart and included in the article of June 6, was in part misinformation and not based on facts.

The letter is signed by Lena Welmas, Mrs. Ramalda L. Taylor, Roy Lugo, Carrie P. Casero, Genevieve Pierce St. Marie, Anna Pierce, John Joseph Andreas, Anthony Andreas, Frank Moro, Ramon Manuel, Marcus J. Pete, Jeana S. Hatchitt, by H. Guyer.

Following is the article which appeared in the Press-Enterprise:

"A petition, signed by a majority of the Mission Indians at Palm Springs, has been sent Secretary of Interior Ickes and Commissioner of Indian Affairs Collier, asking that Purl Willis be appointed to succeed H. H. Quackenbush as special officer at Palm Springs.

"Willis, now in Washington, representing the tribe in hearings on Bill H.R. 1450, authorizing sale of some of the tribal lands and converting of the canyons into national monuments.

"In their petition, the Indians state that Mr. Willis has given much of his time and assistance to them and understands their problems.

"We know that if Mr. Willis could be appointed to the office now held by Mr. Quackenbush it would solve the government's problems with the Indians at Palm Springs," reads the petition. "If you feel that Mr. Willis needs an assistant as special officer, we request that you appoint Adam Castillo, president of the Mission Indian Federation of California."

"The house committee is expected to vote on the bill June 8.

"Mrs. Leta Myers Smart, who appeared before the house Indian committee, said that although the Indians formerly were in favor of the bill's passage, they since have decided that it would be best to postpone its passage."

SPECIAL CITY FUND FOR STATE GASOLINE TAX

Ordinance No. 10, requiring the city council to set up a special fund for the city's portion of state gasoline taxes, was passed by the council Wednesday night, and becomes effective in 30 days. The city will receive approximately \$5000 from the state this year for the improvement and maintenance of local streets. The work on Palm Canyon Drive will be done by the state, and other streets by the county, until such time as the city has acquired proper equipment.

DR. BUERGER LEAVES FOR SUMMER AT LONG BEACH

Dr. Franz B. Buerger, prominent Palm Springs dentist, this week closed his office here and left Thursday for the summer at Belmont Shore, Long Beach. He returned today for another load of dental equipment.

Dr. Buerger also has a dental practice at Long Beach, which he personally will take charge of during the summer. Another doctor kept the Long Beach office open for him during the winter months.

8-POUND SON BORN TO RAYBURN HANZLIK AT LOS ANGELES HOSPITAL

Mr. and Mrs. Rayburn O. Hanzlik who reside on Hermosa Drive are the proud parents of a fine, healthy, eight-pound baby boy (Rayburn DeMara Hanzlik) born Tuesday in the Griffith Park Maternity Home at Los Angeles. Mother and baby are reported as both doing nicely.

At the meeting of the Lions Club yesterday at the Palm Springs Hotel, the hat was passed to raise a fund with which to start a bank account for the new baby. Mr. Hanzlik is a prominent member of the Palm Springs Lions Club.

E. J. Wightman, prominent Palm Springs and Long Beach realtor, has closed his office here for the summer and has changed his headquarters to the beach city.

PLANNING COMMISSION INVESTIGATES TRACT ON EAST RAMON ROAD

Members of the county planning commission were here today, and accompanied by members of the city council they investigated a proposed subdivision on Ramon Road, outside the city limits, east of the city's sewage disposal plant.

Under the law, whenever a subdivision is platted within three miles of a city, the map must be referred to the city council for approval. The council discussed the matter Wednesday evening, but took no action other than instructing the councilmen who would be in Palm Springs today to confer with the county planning commission.

Mayor Boyd--

(Continued From Page One)

come to town. There, also will be the junction of the new state highway and Palm Canyon Drive. The council wishes to have a thorough study made of that particular area, and therefore did not include it in the commercial zone, he said. "We do not want to hinder the planning commission, and inasmuch as there has been no major commercial development there, we decided to keep it a residential zone until the planning commission can decide how it should be zoned."

If all petitions had been granted, the city would have over seven miles of commercial frontage, he said.

The planning commission will consist of nine members, six appointed by the mayor, subject to approval of the city council, and three appointed by the council, and to include the mayor, the city clerk and the city attorney.

"We will appoint the planning commission as soon as possible, and we will appoint people who have courage and who have no strings tied to them."

The mayor said the first six weeks of the incorporated city have been very busy for the city council. They have worked nearly every day and many nights, on city matters. "We realize it will probably be a year before we can get things to running smoothly."

The financial problem is a major one, he stated. The law forbids taxation this year, and consequently the city will receive no tax money until July, 1939, or January, 1940. In the meantime, however, it will receive some revenue from business licenses, franchises of public utilities, refund of state liquor licenses, and a partial refund of state gasoline taxes paid by local citizens.

Mayor Boyd discussed the various city ordinances, and said a traffic control ordinance will probably be passed next fall. The work of the council during the remainder of the summer may possibly be handicapped by lack of a quorum at some meetings.

CLARENCE SIMPSON REPORTS SALE OF AIR CONDITIONING UNITS DURING SPRING AND EARLY SUMMER

Clarence Simpson, popular manager of the well known "Simpson's Radio and Frigidaire Shop," located on North Palm Canyon Drive, has announced the sale of several Frigidaire air-conditioning units during the spring and early summer of this year.

Among the more recent purchasers of Frigidaire "Roomcoolers" are Mrs. E. Hathaway, owner of the Los Arboles, who had one of the machines installed in the main lobby of her establishment; and Mr. Erwin Schulman, owner of the "Desert Grill," who has had a "Roomcooler" installed in his apartment.

RAYMONDS LEAVE FOR MICHIGAN TO TAKE DELIVERY ON NEW AUTOMOBILE

Mr. Segil Raymond and his wife, Dr. Georgiana Raymond, left today by train for Lansing, Michigan, where they will take delivery on a new car. The Raymonds will return to Palm Springs in about three weeks, planning to drive back on the return trip through Yellowstone National Park in their new car.

After they arrive in the village the Raymonds will spend the summer here.

WIEFELS & SON FUNERAL DIRECTORS

50 East Nicolet Street
BANNING

Must Elect--

(Continued From First Page)

resort is now an incorporated city, it was told the board by Frank Shannon, Palm Springs civic leader. The justice could will probably be combined with the city police court, Shannon said.

Palm Springs previously has been in the same area with Banning and officers of the township were forced to go to expense in traveling between the two communities, Shannon declared. Cathedral City is included in the new township.

Boundaries of the newly created Palm Springs township are defined as follows:

Beginning at the Southwest corner of Township 4 South, Range 4 East, S.B.B.M., running thence north along the Township lines, 6 miles more or less to the Northwest corner of said Township.

Thence east, along the North boundary of said Township, 6 miles more or less to the Northeast corner of said Township.

Thence south along the East boundary of said Township, 1 mile more or less to the Southeast corner of Section 1 in said Township.

Thence east 1 mile to the Northeast corner of Section 7, Township 4 South, Range 5 East, S.B.B.M.

Thence south along Section lines, 1 1/4 miles more or less to the Northwest corner of the Southwest quarter of the Southwest quarter of Section 17, Township 4 South, Range 5 East, S.B.B.M.

Thence east 1/4 mile more or less to the Northeast corner of the Southwest quarter of the Southwest quarter of said Section 17, Township 4 South, Range 5 East, S.B.B.M.

Thence South 1/4 mile more or less to the Southeast corner of the Southwest quarter of the Southwest quarter of said Section 17.

Thence east along Section lines, 4 1/4 miles more or less to the Northeast corner of Section 24, Township 4 South, Range 5 East, S.B.B.M.

Thence south along the Township line, 3 miles more or less to the Southeast corner of Township 4 South, Range 5 East, S.B.B.M.

Thence west along Township lines, 12 miles more or less to the place of beginning."

State Engineers--

(Continued From First Page)

Other valuable properties the past two seasons.

Straighten the channel of Tahquitz Wash north of the bridge (southwest of the Palm Springs Builders Supply Co. plant).

Straighten the channel of Palm Canyon wash between Smoke Tree and Araby and also north of the main road so as to avoid floods in the southeastern part of town.

Mr. and Mrs. Earl Coffman, Owen and Betty Coffman, have moved to Banning, where they will spend the summer at the lovely summer home of Mrs. Nellie N. Coffman.

LIBRARY HOURS

Miss Dorothy Bear, librarian at the Palm Springs Public Library, has announced the following library hours for the summer months:

Tuesdays 6:00 to 9:00 p. m.
Thursdays 6:00 to 9:00 p. m.

ASK RIGHT-OF-WAY ACROSS INDIAN LAND FOR STATE HIGHWAY

County supervisors passed a resolution Monday directing the U. S. Department of Interior to grant the state highway department a right-of-way across Section 18, Indian land leased to the county for a Palm Springs airport, for the new state highway. The right-of-way is to be part of the proposed state highway which is to bypass Palm Springs and relieve traffic congestion on Palm Canyon Drive and Indian avenue. Councilman Frank V. Shannon presented the request to the supervisors.

BLANKET INSURANCE FOR CITY EMPLOYEES

The insurance committee of the city council has made an extensive investigation of insurance requirements for the protection of the city and its officers and employees, and the kinds and amounts of policies in force in cities the size of Palm Springs.

Kocher-Samson submitted a blanket policy of the Pacific Indemnity Co., which covers public liability, indemnity, etc., covering all city officers and employees, at a cost of \$600 a year for

a period of three years. The policy also covers employees of the police, fire and sanitary districts. The first payment is deferred until the city has money available.

The city council Wednesday evening accepted the offer, and the insurance is therefore now in force.
